Remarks

Just what you have been waiting for! Move-in ready and renovated Endicott area Colonial! 2015 saw many improvements to this charming home including a gorgeous open concept kitchen/dining room with spacious white granite center island. Additionally, a new first floor laundry, mudroom and new half bath were added. If you love light you will love the living room with the huge bay window and the sunny office extension. Enjoy summer evenings on the three season porch which offers additional living space possibilities. Three good size bedrooms grace the second floor along with the 2015 white bathroom. Nearly all windows replaced. And check out the deep, level 11K sq ft lot with one of the prettiest back yards around. A one car garage to park or tuck your stuff. Minutes walk to library, schools and commuter service.
